Many people in our country are becoming concerned about the rising cost of funerals. We feel there is a more affordable solution to this problem.

Cremation, immediate burial and anatomical donation are being chosen by more families each year, indicating that the consumer is selecting a more affordable plan of final disposition. Until recently, the public has had few choices in this matter.

By eliminating costly buildings, cars and personnel, we can offer several types of dignified services to satisfy both the economic needs and personal preferences of the family.

These arrangements may be made either at the time of need, or by pre-arrangement. Arrangements paid in advance are guaranteed and the price will never increase. This is available through a funeral trust, controlled and monitored by the State of Missouri and endorsed by the Missouri Funeral Directors Association.

Our funeral directors are Missouri licensed with over fifty years of collective experience. We are also family owned and operated, having lived in the St. Charles community for over forty years.

A simple phone call to our office will allow us to discuss your options and cost. We may be reached at (636) 498-5300, twenty-four hours a day.

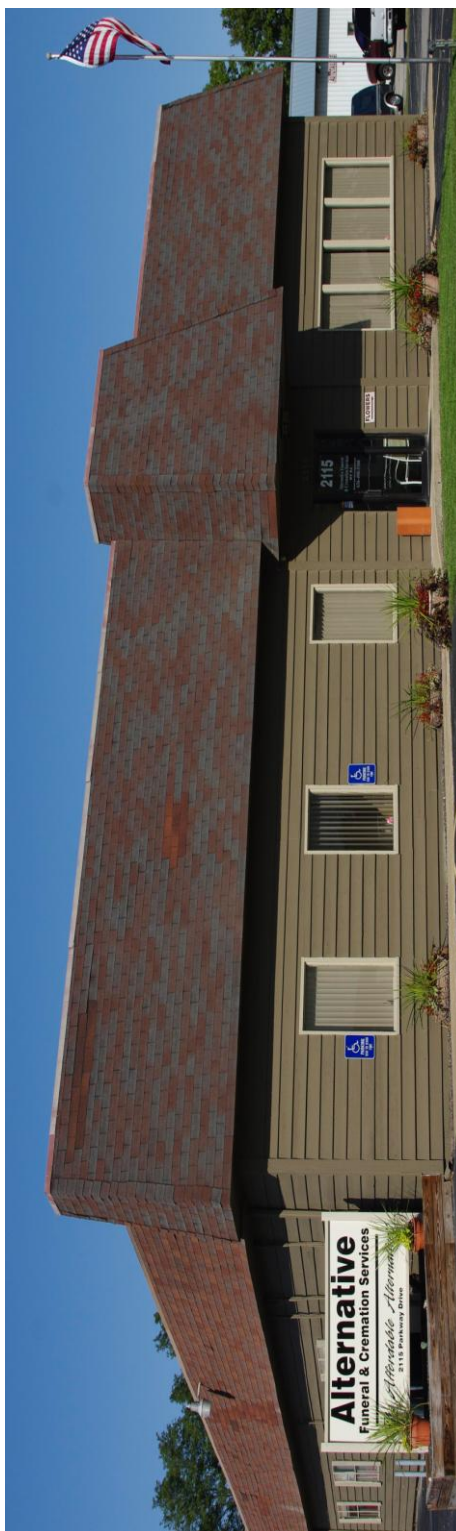

If you have an existing funeral plan, we may be able to save you money!

Respectfully Yours,
