

Anthony HOBSON

January 4, 1984 - March 24, 2019

Anthony Hobson, 35, of Springfield, MO passed away on March 24, 2019. He was born January 4, 1984, in N. Kansas City, MO.

Anthony grew up wanting to explore and tinker with anything he could get his hands on in order to always learn more than he knew before. He continued to explore any and everything his whole life. Anthony was a dedicated and hard worker for his families SERVPRO business. This eventually led him to become a leader at a fellow franchise in Springfield, MO.

Anthony loved his family so very much, as did his family feel about him. Those few he chose to call his closest friends knew him as loyal, caring and kind hearted. He married his loving wife, Patty Mackin, on November 16, 2013, in St. Louis, MO. There will forever be a missing piece in our hearts with his absence.

Loving son of Traci Hobson-Williams, stepson of Michael Williams, brother of Brandon and Jesse Williams, son of Phil Scimeca, husband of Patty Mackin-Hobson, stepfather of twins Mason and Ryan, father of Morgan Fox, father of Paul Hobson, grandson of Vicki Hobson and the late Gary Hobson and great-grandson of Freda Hobson and the late Paul Hobson. Anthony also leaves behind numerous aunts, uncles, and cousins.

A memorial visitation for Anthony will be held on Monday, April 15, 2019, from 5-7 PM, with services at 7:00 PM, at Alternative Funeral & Cremation Services.

It is asked that any memorial contributions be made to one of the Suicide Prevention Organizations.

“ When I think of Tony, this picture always comes to mind. Traci and Tony lived with us for a short time. I would often open my bedroom door and find him making silly faces or hiding. Tony, you are missed.

“ I met Tony on my way to work the hurricanes down south with Mikes company. He made months of 18 hour days seem like a paid party. He was an unstoppable worker. Hilarious guy. I learned a lot from him. We had a blast. He was a great guy. This truly is a shame. Im so so sorry Mike and Tracy. If need be ill do whatever i can for you guys.
