

Patricia Ann SHAW

February 16, 1961 - March 12, 2021

Patricia Ann Shaw (Patti) passed away Friday, March 12, 2021. She was a friend to everyone and never met a stranger. She lived her life her way, stubborn and opinionated, passionate and thoughtful, loyal and infuriating, funny and loud, introspective and the life of the party. How can one person be all those things? If you knew Patti, you get it. She loved live music, dancing, the outdoors, nature, beaches, and was a passionate animal lover.

Patti is survived by her amazing, beautiful daughter Sally. She was blessed to raise Sally on her own, and they shared an incredible bond. They shared a love of travel, outdoors, and animals. Piper, Ringo, Cornflake and Oliver will also miss her

She is also survived by her brother Skip, sisters Karen, Debbie and Janet, and several nieces and nephews, and great-nieces and great-nephews, and cousins.

She is preceded in death by her father Lauren and her mother Mary "Boots" Shaw. Patti had a special bond with Boots, who was her biggest champion.

Patti grew up in Paddock Forest neighborhood in North County where she met her lifelong friends Scott, Tim, John, John O. and Steve. Along the way she gathered more friends and stayed true to all of us. Angel, Kim, Kathy, Becky, Alan, Karen, Jim, Paula, Donna, and Tom, Christy, Sherry. It's funny. We all each thought she was our best friend. And she was.

She had an interesting and challenging career in Visual Merchandising, was a Regional Cosmetics Coordinator for Dillard's, and could bartend with the best of them.

She was a light, a powerful force of nature, an independent tough cookie. She will be so dearly missed.

A celebration of her life will be held at a later date.

Please consider donating to a Go Fund Me, set up for her daughter Sally.

“ My baby sister was born my Freshman year in college. Mother called me and asked if I liked the name Patricia, and I responded "only if you put Ann as the middle name", and she did. I was 18 and never really got to know Patti until we were both adults. We spent many years visiting Mother, I from Denver, she from Missouri, and enjoyed taking Mother and Sally to various sites in the San Antonio area. She loved the Japanese Garden and took me there as well. She was always the life of the party, was true to her friends, a single Mom, a loving daughter to our Mother, visiting her several times a year. She was so gorgeous, even modeled for Barbazon, rode horses and owned Mighty Mouse, won blue ribbons on swim team in breast stroke, and on it goes. She lived her life to the fullest in spite of all the medical issues thru the years with cancer. I miss her greatly!! But know she is finally at peace with our dear Mother and Father.

“ The first time I met Patti was when sally and I starting dating. We drove around forest park for hours and had a picnic. Drank beer, enjoyed the weather, and oh my gosh I couldn't stop laughing. She was truly the life of the party and such a genuine woman. She gave me life advice and I truly applied it to myself..she had a huge impact on me and where I am today with sally. Rest In Peace beautiful soul you will be so missed by so many

“ Growing up we were more like sisters than Aunt and Neice since we were only 7 years apart. Patti taught me to make cheesy eggs and put on makeup. I found it odd that she added ice to her glass of milk to make it "iced cold". She was a KiSS fan and I thought she was the coolest growing up. We are a loud family, but Patti had us all beat. I know that you are reunited with all gone before you, out of pain to attend the ultimate concert. You are loved and missed. Rest easy Patti.

“ Cousin PATTI! I bet you are havin the time of your life up there!! Please give my mom and dad a big giant hug for me!! I'll never forget how you took me in when, literally overnight, my brother Tommy and I flew from our childhood home in Illinois and started our junior year in High School that very next morning - talk about trauma!! You were always there with your bubbly humor, your straight talk, and your comforting presence!! And on top of that you let me ride your horse!! I love you cousin, and my eternal hope is that one day we'll be united - with each other in complete and utter joy. I love you PATTI!
