“ Mr. Schuppan was my 6th grade teacher in Brookston, In. It was very special to locate him last year through facebook. He shared some great stories with me from that year so long ago. I remember that we had a snake in the classroom and I was terrified. He did everything he could to get me to touch the snake. I never did, but appreciated how much he tried. All of the girls were in love with him that year. He told me he knew of our crushes. I now teach 6th graders and feel he inspired me to teach. I too remember the three mark system he had. We had to copy a dictionary page. Wow, as a teacher today, this amazes me. (Kids today don't know what a dictionary is!) He was a wonder teacher who I will never forget. My one regret is that I couldn't get out to visit in person. Blessings to the family.

“ Mr. Schuppan was the best teacher I had, hands down. He made science class so fun and I still remember many of his Friday stories. Condolences to the Schuppan family!

“ I met Randy, my cousin, for the first time in Piedmont, Missouri, after our Grandpa Kendrick died. I was a teenager then. What I recall most about him was his love and passion for living and learning. Being with him, having conversations with him, brought hope and joy back into my life, and I very much needed that at the time. He was a wonderful man and I wish that I could have had him in my life more than I did. He made a difference and was a real contribution to people. Love, comfort and peace to his family and everyone who knew him because I know he will be missed.

“ I am one of Jack Kendricks daughters and met Randy on a few occassions (sadly, mostly funerals) but will remember him as so nice, friendly & welcoming. A very positive person & nice to be around. Sending prayers to his family & may he rest in peace. I will remember him & Uncle Herman fondly. Janet Kendrick Jones

“ Randy will always Be Mr Schuppan to me, as he was my 6th grade teacher in Brookston Indiana 1965. He is the reason for my love of animals. He brought his pet falcon into class for a couple days and his boa. I remember too he had a mark system you get 3 marks you have to copy a dictionary page and turn it in the next morning. Do you know how many words are on a dictionary page? What an inspiration and blessing you were to me. Love you Mr. Schuppan
